Presidents Message

It was wonderful to start back with the CALA Summer BBQ and AGM, thank you to the many people who attended it was great to see so many people and have face to face conversations and many laughs with our lake neighbours. My role as President has given John and I the opportunity to meet many new CALA neighbours and learn about their extensive knowledge about the area, their many experiences and hear entertaining stories. The common theme of discussion was how do we contribute to growth in the area and protect environment which aligns with our CALA goals. If you are interested in contributing by working on the board let me or one of the board members know. As the colder weather sets in I will bring back the images of the dock, lake and swimming and plan for next season.

Temagami Elections

The timing of this update aligns with the Temagami elections on October 24th. The Temagami board asked the candidates to respond to 5 questions and the attached document has the questions and response to help you with voting. Dan O'Mara has been re-elected Mayor by acclamation. Thank you to the candidates that responded. The responses will also be posted on the CALA web site <https://tcala.com/>

AGM and Summer BBQ

Special thank you to Greg Feys for organizing the event and all the food, Greg's wife, Cheryl, for managing the membership table, Jason Steinman for managing the poker run, and Adrian Cobbold and his extended family for tallying the scores. The Children's events were very entertaining, thank you to Andrew Smith and his family and Camille Larouche for organizing. Dan O'Mara, Mayor of Temagami, attended and there was a good discussion on current topics and challenges in the area, the key items are included in the board updates below. It was a good opportunity to get to know Dan better and hear Temagami challenges. Dan also asked us to remind everyone to join Temagami Communications to get notices from the town.

Board Updates

- There are still open positions on the board if you would like to contribute, please contact one of the board members.
- Parking at the south end – you may have noticed the signs about fines is down. The permit parking plan is on hold but the expectation is that it will be raised again in sometime in the future due to the high number of trailers and cars at the south end
- Ambulance Service on the Lake – management has moved from Temagami to the District of Nipissing Social Services Administration Board (DSSAB). The information we have received is that services will continue as they currently are. The concern is that we currently get paramedic services on the lake, paramedics have been picked up by boat to provide service at cottages. This is a unique service and not provided in other areas of Ontario. The board will continue to keep up to date if there are changes, we also included this question to the candidates for election.
- CALA will continue to support the Temagami Area Fish Involvement Program (TAFIP) and will provide a donation of \$1,000. This year.

Boat Livery

The year started off with the loss of Lillian LaPerriere who was the anchor of the livery and glue between everyone who used the Livery. Personally, it was a huge loss to John and I. We have been on the lake for 17 years and as newbies Lil and Rene guided and supported us through boating, owning a cottage, and making us feel secure and supported. We always left the livery laughing.

Thank you to the CALA members that helped getting the Livery ready for the May 24th weekend, it was a beautiful show of support for Rene and Lil and demonstrates the essence of CALA in supporting each other.

Welcome to Cody Thompson. Most will know Cody bought the Livery and it has been a pleasure to meet him, hear his many ideas and be inspired by his energy to make it his own. Rene is working to help support the smooth transition as Cody gets to know the lakes and owners.

Reminders

- Do not tie up to buoys, you can be fined, even more important it can drag the buoys out of place and make boating dangerous.
- When parking at the south end park in front of your trailer so you do not take up two spots. This will also make sure you have access to your trailer.
- When taking recyclables to the boat livery please separate bottles, glass and returnable. Do not toss them all in to the garbage.
- Dump you bilge before launching your boat to protect our water and fish.

Current Board

Name	Portfolio	Term Ends		Name	Portfolio	Term Ends
